

Warranty

Multipure 90-Day Guarantee: Multipure is confident in the performance of its products. If you should find your Multipure product unsatisfactory, let us know within 90 days of purchase for a prompt exchange or refund.

Drinking Water System (DWS) Warranty: Multipure warrants to the original retail customer its DWS and components to be free of defects in material and workmanship for use under normal care, and will repair or replace any system at no charge to the customer during the warranty period. The DWS housing and Aqualuxe interior stainless steel pressure vessel is warranted for a lifetime (provided the filter has been changed at least once per year); all exterior hoses and attachments to the DWS are also warranted for defects in material and workmanship for one (1) year.

Aqualuxe Electronic Parts Warranty: 12 Months

Aquasource Warranty: Multipure warrants to the original retail customer its Aquasource and components to be free of defects in material and workmanship for use under normal care, and will repair or replace any system at no charge (excluding transportation to Multipure Corporate Headquarters) to the customer during the warranty period. The Aquasource housing is warranted for a lifetime (provided the filter has been changed at least once per year); all accessories provided by Multipure are also warranted for defects in material and workmanship for one (1) year. Warranty is valid only if the Aquasource is operated within conditions listed herein. The warranty begins from the date of purchase.

Aquagrow/Aquashower/Aquasplash

- Return policy: 90 days
- Warranty: 12 months

Except as otherwise expressly provided above, Multipure Corporation makes no warranties, express or implied, arising by law or otherwise, including without limitation the implied warranties of merchantability and fitness for a particular purpose, to any person. This limited warranty may not be altered, varied, or extended except by a written instrument executed by Multipure Corporation.

The remedy of repair or replacement as provided under this limited warranty is exclusive. In no event shall Multipure Corporation be liable for any consequential or incidental damages to any person whether occasioned by negligence of the manufacturer, including without limitation damages of loss of use, cost of substitution, property damage, or other monetary loss.

Multipure Products

Drinking Water Systems

The quality of your water can profoundly affect your body, your mind, and your overall wellbeing. A Multipure Drinking Water System ensures the highest quality drinking water right at your tap – clean, pure, delicious, and free from harmful contaminants. Your home and family deserve the best water for drinking, for preparing food, and for cooking. For over 50 years, Multipure has given families the best water for their needs. For Life. For You.

- 1. Convenient** - cleaner, better tasting water right at your sink for all your family's needs: drinking, cooking, and washing fruits and vegetables.
- 2. Effective** - NSF-certified to reduce over 85 contaminants, including chlorine, chloramine, asbestos, lead, mercury, cysts, volatile organic compounds, pesticides, herbicides, and much more.
- 3. Powerful** - Carbon block filters treat even the smallest of water contaminants like bacteria and viruses.
- 4. Economical** - More cost effective than bottled water, at only pennies a gallon, and with no heavy cases or bottles to lift or store.
- 5. Responsible** - An environmentally-friendly solution to healthier drinking water.

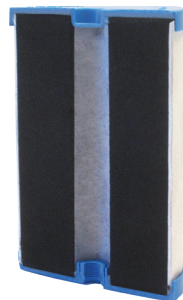

Carbon Block Filters

Multipure Drinking Water Systems utilize proprietary solid carbon block filters to reduce contaminants that can affect the appearance, taste, and healthfulness of water. Multipure's solid carbon block filters are superior because they:

- Do not waste water
- Do not require electricity
- Do not add salt or silver to the water
- Do not remove beneficial minerals from the water

Solid carbon block filter technology was developed by Multipure in the early 1970s for the purpose of treating water contaminants of health and aesthetic concern. This technology combines mechanical filtration and physiochemical adsorption into a single device to reduce a broad spectrum of harmful contaminants.

Solid carbon block filters effectively reduce contaminants such as lead, chlorine, benzene, MTBE, chloramines, PCBs, Microplastics and Forever Chemicals. The effectiveness of solid carbon block filters in treating a broad spectrum of contaminants of aesthetic as well as health concern makes it the bona fide technology of choice for consumers throughout the country.

Aquagrow

Bring Your Garden To Life
(SKU# AQGROW) **\$119**

Filter Capacity: 30,000 gallons
Size: 2.75" H x 10" W

- Great for organic farmers
- Removes over 85% of the chlorine from garden hose water

Aquasource

Better Water Throughout The Home

The Aquasource with CB20HC Filters (AQSOURCE3) is certified by IAPMO R&T for the reduction of the claims in the Performance Data Sheet and www.iapmo.org.

System Options

Chlorine Reduction (IAPMO Certified)
(SKU# AQSOURCE3) **\$2450**

Chlorine & Limescale Reduction
(SKU# AQSOURCELSI2) **\$2575**

Chloramine Reduction
(SKU# AQSOURCECLM2) **\$2575**

Chloramine & Limescale Reduction
(SKU# AQSOURCECLML2) **\$2635**

Filter Capacity: 33,000 gallons
per cartridge

Size: 41" H x 16" W

Housing Warranty: Lifetime

The Multipure Aquasource must be installed by a licensed plumber in accordance with all applicable plumbing codes. The Aquasource requires three identical filter cartridges to be installed for proper performance, the filter types cannot be mixed or combined.

Replacement Filters (3 Pack)

Chlorine (IAPMO Certified)
(SKU# CB20HCPK) **\$465**

Chlorine & Limescale
(SKU# CB20DC-LSIPK) **\$525**

Chloramine
(SKU# CB20CLMPK) **\$525**

Chloramine & Limescale
(SKU# CB20CLMLSIPK) **\$585**

Bath & Garden

Multipure's Aquashower, Aquasplash, and Aquagrow use a specialized filter medium known as KDF (kinetic degrade fluxion), a composition that includes brass, copper, and zinc. It is an ideal shower and bath filter material because it is highly effective at reducing chlorine at the high temperatures found in showers and baths – a necessity because activated carbon is far less effective at high temperatures. KDF is denser than granular activated carbon (GAC), allowing for a high volume in the smaller space requirements of a shower and bath filter. Furthermore, KDF not only inhibits bacterial reproduction, but also tends to limit fungus and mildew buildup.

In addition to KDF, Multipure's Aquashower, Aquasplash, and Aquagrow utilize crystalline quartz in their filter cartridges. This component acts as a water enhancer, allowing for better sudsing and lathering of soaps and shampoos, and improving the tactile sensation of the water.

KDF 55: Granular

Crystalline Quartz

Aquashower

Refresh Your Shower Experience

(SKU# AQSH) **\$90**

Filter Capacity: 25,000 gallons

Replacement Filter: AQSF **\$75**

Size: 4.75" H x 3" W

- Removes 90% or more of free chlorine in shower
- Installs in minutes

Aquasplash

Give Your Bath A Healthy Splash

(SKU# AQBATH) **\$60**

Filter Capacity: 200 Baths

Replacement Filter: AQBALL **\$45**

Size: 5" H x 4" W

- Remove up to 100% of free chlorine in bath
- Dechlorinates in minutes

NSF Certified Performance

NSF certification is an assurance of quality, performance, and integrity. Multipure is an industry leader because it is a pioneer in drinking water treatment, and it possesses the integrity and credibility due to intensive internal quality assurance confirmed by the rigorous scrutiny of NSF Certification.

Contaminant Reduction List

Multipure Drinking Water Systems are NSF certified and tested according to NSF/ANSI Standards 42 (Aesthetics), 53 (Health Effects), 401 (Emerging Contaminants), and P231 (Microbiological Purifier) for the reduction of:

- Asbestos
 - Atenolol
 - Bisphenol A
 - Carbamazepine
 - Chlordane
 - Chlorine
 - Cyst (Giardia, Cryptosporidium, Entamoeba, Toxoplasma)
 - DEET
 - Estrone
 - Ibuprofen
 - Lead
 - Linuron
 - Meprobamate
 - Mercury
 - Metolachlor
 - Microplastics
 - MTBE
 - Naproxen
 - Nonyl phenol
 - Particulate matter, Class I (0.5 micron)
 - PCB
 - Phenytoin
 - TCEP
 - TCPP
 - Toxaphene
 - Trimethoprim
 - Turbidity
 - Volatile Organic Chemicals
- Aqualuxe ONLY**
- Bacteria
 - Viruses
- Aqualuxe & Aquaperform ONLY**
- Arsenic V
 - Microcystin
 - PFOA/PFOs (Forever Chemicals)
- Aqualuxe, Aquaperform & Aquaversa ONLY**
- Chloramine

For an up-to-date detailed list of contaminants reduced by Multipure filters, please visit our website at www.multipure.com/contaminants.html

Aqualuxe

The Ultimate Water Machine

Filter Capacity: 500 gallons
Replacement Filter: CBLX **\$180**
Size: 13" H x 8" W
Pressure Vessel Warranty: Lifetime

- NSF Certified: Standards 42, 53, 401 & P231
- PureBlock bacteria & virus removal
- Quick-change filter cartridge
- Self-sealing pressure vessel
- FilterSync technology
- QuickSecure accessory connector
- Leak detector

Base System
(SKU# AQUALUXE) **\$1250**

Countertop Kit
(SKU# AQLUXECT) **+\$55**

**Below-sink Kit
With Chrome Plated Faucet**
(SKU# AQLUXEBS) **+\$65**

Aquaversa

Effective & Versatile

Filter Capacity: 750 gallons
Replacement Filter: CB6 **\$95**
Size: 8.5" H x 5.75" W
Housing Warranty: Lifetime

- NSF Certified: Standards 42, 53 & 401
- Versatile installation options
- Easy & convenient to use

Base System
(SKU# MP750) **\$550**

Countertop Kit - Dual Hose Diverter
(SKU# AQKITC) **+\$55**

Countertop Kit - Single Hose Diverter
(SKU# AQKITCSV) **+\$55**

**Below-sink Kit
Chrome Plated Faucet**
(SKU# AQKITB) **+\$70**

**Capacity Monitor Kit
Must be installed with Below-Sink Kit**
(SKU# MC284ASBL) **+\$35**

Aquaperform

Power & Performance

Filter Capacity: 600 gallons
Replacement Filter: CB11As **\$150**
Size: 11" H x 5.75" W
Housing Warranty: Lifetime

- NSF Certified: Standards 42, 53 & 401
- Versatile installation options
- Additional filtering performance

Base System
(SKU# MP880) **\$695**

Countertop Kit - Dual Hose Diverter
(SKU# AQKITC) **+\$55**

Countertop Kit - Single Hose Diverter
